BETHEL SPEAKS

BLUE AND GOLD INTERVIEWS TOWN MANAGER

The Town of Bethel and Gould Academy are closely related with one another; yet many of us are unfamiliar with some of the citizens who work behind the scenes at maintaining and developing these two organizations.

One of the leading citizens of Bethel is Mr. O. T. Rozelle, who is the Town Manager. As the title implies, he has a great deal to do with the town itself and especially its people. Mr. Rozelle came to us recently from another part of the state, choosing Bethel as his destination. After living here only a short time, he has acquired a strong love for this community. As for his direct contact with Gould, there is one—the payment of tuition for each town student by the Town Manager's office to the Academy. Concerning more personal relations with the Gould Academy staff, he and his wife have been more than grateful for being asked to participate in many fine activities here. One of the faculty opened his home to Mr. Rozelle and his family directly following their arrival in Bethel until it was possible for the newcomers to find adequate lodgings. At the Alumni Banquet they were most honored at having been given seats at the speakers table and too, for the thoughtfulness of the school in inviting them to the Graduation Exercises. It may then be concluded that Mr. and Mrs. Rozelle have been very satisfied with their contacts with Gould.

After being asked if there was any way for Gould to establish closer ties with the town, Mr. Rozelle replied that there were several possibilities for doing so. First, he felt that if more of the faculty would come and participate actively in the town meetings, for they are most welcome to do so, the townspeople and the staff might become better acquainted. Secondly, the people of Bethel should become more aware of the fine job as a school that Gould is doing, with the aid of an outstanding board of trustees. Finally Mr. Rozelle suggested that some type of an adult education program might be introduced, offering such courses as Child Care and Consumer Buying, for the young mother.

Discussing Bethel's unique features, Mr. Rozelle said that one of the main attractions is, of course, the unmatched physical setting. However, he felt that even more unusual is the way in which the residents of Bethel blend so well together.

It seems that one of the major problems of this age is juvenile delinquency, but when questioned about it existing in Bethel, Mr. Rozelle went on to say that every town has a certain amount of vandalism but the few found in this area are not many in proportion to the size of the town. On a whole, he stated that we have a fine group of clean-cut youngsters who are following the righteous paths of life.

Many people have inquired about the usefulness of the Community Room; Mr. Rozelle agreed that it had not been employed to any great advantage. However, it is to be the place of voting for the Presidential Election, and will also be used as the site for a conference on water pollution.

When asked about the next twenty-five years in the life of Bethel, our friend paused for a moment and then responded that a growth in the population of the town itself and Gould would more than likely occur. A larger residential area might appear and even some type of industry suited to Bethel's way of life. Good labor relations would then be an asset to the town. Perhaps some sections might be improved upon, but otherwise he predicted no drastic changes.

So ends our interview with Mr. Rozelle, the Town Manager. The Blue and Gold sincerely hopes that the school may profit from Mr. Rozelle's theories and that through this article, especially for those who are unacquainted with the town life here, a better understanding of Bethel has been gained.

GOULD'S FIRST ASSEMBLY

On September 17, Gould Academy attended its first assembly in the girls' gym. The purpose of this assembly was to inaugurate the new grand piano. Mr. Marcuse very ably played the following selections: Sonata in F, and the first and second movement by Mozart.

It was explained that a classical melody is a "classic" and that it cannot be changed or embellished like a popular tune—"Moonlight" from the movie "Picnic" was chosen as an example.

Next Frederic Chopin's "Prelude" was played and enjoyed very much. "The Rain-drop Prelude" was liked most of all, an appropriate song as it was a rainy day.

Lastly Mr. Marcuse played Robert Schumann's "A Carnival's Joke of Vienna."

Mr. Marcuse was asked what he thought of the assembly as a whole and this is his reply. "Some of the audience were very attentive, others, especially some of the boys, obviously did not care about the music. As a whole, everybody appreciated the fine sound of the new instrument. Actually, there were only a few troublemakers, but unfortunately, those are the ones that get notice, while many of those who were appreciative remained unnoticed. Audience response was astonishingly good especially in Schumann's number."

'Twas A Busy Week End

PARENTS' DAY

Although slightly hazy, a very pleasant and warm day was bequeathed to us for Parents' Day, 1956. Parents, coming from many parts of our country, started arriving on the autumn-crowned Gould campus as early as Friday afternoon in order to take in the pro basketball game at Farnsworth House that evening.

Officially, Parents' Day began Saturday, October 13, with hockey games on the girls' athletic field at 10 a. m. The opponents, Kents Hill Seminary, took both Varsity and Jayvees in two very spirited games.

The next event on the agenda was the football game at 2 o'clock with Lyndon Institute. In a very exciting game the undefeated Gould team downed the opponents by a score of 13-7.

At the close of the game, parents and students separated for a time. The parents dispersed to the Bingham Gym where they were entertained at an informal tea and reception, thus giving them a chance to meet the faculty and trustees and discuss "John's low mark in algebra" with his teacher.

The students and their guests all tramped down to the recreation room of Holden Hall for a Victory Dance. In a room very attractively decorated with autumn leaves, they danced to the strains of popular dance music and consumed large quantities of cider and doughnuts.

At five-thirty, the seniors and their parents assembled at Gehring Hall for a buffet supper, to be followed shortly by the juniors, sophomores, and freshmen. The menu consisted of ham, turkey, roast beef, seafood newburg, baked beans, salads, fruits, relishes, pickles, and Sultana roll with Claret sauce, a most delicious meal served in a seasonally decorated dining room.

Following the evening meal, all wound their way back over to the gym for an evening of entertainment.

Throughout the day a group of students selected from each of the four classes was kept busy registering the parents and giving them name tags which greatly facilitated the many introductions necessary on such an occasion. This was a competitive program among the classes, the results of which were announced at the evening entertainment.

It was surely a most enjoyable Parents' Day, for which all who helped make it possible should be heartily thanked.

PARENTS' DAY EVENING ENTERTAINMENT

On Saturday, October 13, at 8:00 p. m., the doors of the William Bingham Gymnasium swung inward on one of the most varied and entertaining evening programs ever put on at Gould.

To open the program, the Freshman - Sophomore Girls' Glee Club, accompanied by Don Christie, sang the beautiful and ever-popular "Kentucky Babe." Closely following was the Junior-Senior Glee Club, Carla Grover on the key board giving an excellent rendition of "Mighty Lak A Rose," and the Varsity Glee Club doing the all time favorite "Dry Bones," (sound effects and all, thanks to Bill Tallon.)

Cleverly M. C'd by Dianne Mitchell, a rather ludicrous "Style Show" roused howls of laughter from an appreciative audience. Its gallant participants included Betty Murrell, Patsy Elliman, Tall Burns, Jane Yeaton, Bonnie and Linda Brady, Peggy Luke, Jane Kneeland, Merrily Appleton and Dawne Christie.

An intricate and difficult tap dancing routine by the "Tip-Taps" showed excellent coaching on the part of Miss Duffy. Led by Pat Brewster, the group included Gerry Brockway, Connie Chase, Davis McCann, Beverly Blake, Susan Smith and Barbara Angevine, with Gerry King accompanying on the piano.

A surprising pair indeed! Dave Thompson and Dave Watson, alias "The Two Daves," played

CELTICS AND ROYALS

An overflow crowd of 1500 fans in the Gould Academy Field House watched as the Boston Celtics defeated the Rochester Royals 96-90. This was the "rubber" game of an exhibition series between the two teams. At the end of the first period the winners trailed 26-23, but by half time spurted to lead 47-44. The Royals held a slim 70-68 margin as the third period came to a close.

Jackie Nichols was high scorer for the Celtics with 17 points. Other team members to hit double digits were Tom Heinsohn, Bob Cousy, Dick Hemric, and Andy Phillip.

Si Green with 20 points and Dick Ricketts with 15 led Rochester in the scoring department;

a number of splendid piano duets.

Have you ever played "What's My Line" or "I've Got a Secret"? Four surprised and somewhat flustered, but very sporting parents, Mrs. Bales of Durham, N. H., and Mrs. Jodrey, Mr. Greig, and Mr. Saunders, all of Bethel, had to do that very thing. Herb Morton as quizmaster and Mr. Richardson as the mystery guest baffled the panel for many tense minutes, but finally his secret came out. What was it? Why didn't you know that Mr. Richardson has the biggest feet on the faculty?

Of course, no evening would be complete without Ken Nowlin and Ted White with their singing guitars and Presley style, certainly a valuable ingredient in the program.

Last, but far from least, Madame Carlotta Cadenza, an opera-singer(????)—was excellently portrayed by Mr. David Thompson, bringing an evening of fun to a riotous climax.

General dancing followed the entertainment during which Mrs. Appleton and Sam were the lucky winners of the Mother-Son spot dance, Mr. Bennett and Meredith winning the Father-Daughter dance.

Sincerest thanks to everyone who contributed his time and effort to this marvelous program!

FOOTBALL RALLY

On the cool, crisp autumn evening of September 28, as the first flames of the bonfire leaped high into the air, a cheer rose. The Gould students were holding their first rally of the football season.

The cheerleaders, Liz Stevens, Kaye Blake, Pam Young, Heath Sandbach, Jane Kneeland, Jane Greig, Anita Morel, Gloria Kneeland, Sue Saunders, and Nancy Bales really had a lot of spirit, vim, and vigor. Although the students were a little slow in setting their vocal cords vibrating, (either from lack of knowledge of the cheers or from self-consciousness), as the last flames were dying down, the noise was wonderful to hear.

Also during the rally, with the red-hot sparks flying around them, the coaches, captain, and manager all gave their opinions of the team. These all gave the impression that the team had the gumption to beat Paris in Saturday's game.

At the future rallies let's really show some spirit and let our voices rise higher than those sparks when the head cheerleader yells, "Let's hit it!"

The Early Bird Learns to Vote

Who will be out next President? While most students have an interest in the election, few have a say in the final returns. Because the legal voting age, except in Georgia, is 21, few students will get the opportunity to vote for at least four and possibly eight years.

Due to the voting age most of us just take a passing interest in the election and don't realize we can play a part in the ultimate outcome; we become deaf to the political issues and such factors as speeches and ideal Presidential qualifications. The fact remains that in just a short span of four or eight years all of us will receive the privilege of voting.

Will our background knowledge be such that we will be able to vote intelligently for the candidate whom we objectively deduce is the best fitted for the job? At school we have the opportunity to observe the Presidential election through various sources, TIME, THE AMERICAN OBSERVER, READER'S DIGEST, as well as newspapers and other magazines. Thus, if we take all this in, we should be very well informed on the Presidential issues.

Considering this, each student might be confident in discussing the political campaign when the time comes up. By so bringing up important factors pertinent to the election, a student might well influence his parents and others in their choice of a Presidential candidate.

In future years we are going to want to know the issues of former years. We'll want to know what the Republicans and Democrats stood for previously.

Let's pay attention to this big election, perhaps even have a small part in its outcome as well as building a good background, so we may become intelligent electors of future Presidents.

F. C. F.

Grade Made?

So begins the school year. Another opportunity to give those books a place in your daily life, and another chance to take advantage of a rare but wonderful heritage—the privilege of studying and learning under competent instructors.

Here at Gould, we not only have a well-balanced curriculum from which to choose but a sincere sense of helpfulness on the part of the faculty as well. A teacher who sees that a student is putting forth an honest effort but is unable to grasp the subject will gladly help straighten out difficulties. Don't hesitate in going for outside help; teachers don't bite and are often human like the rest of us.

A happy medium is necessary in producing a well-rounded student. The pupil who is always buried in a book and never participates in extra-curricular activities is making as much of a mistake as the campus gad-about who does nothing but earn honors in sports. A place on the honor roll is just as important a feat as being an active member of a celebrated varsity team.

Beware of the grind, but before dropping those studies for a trip uptown or for a look at that newly issued magazine, ask yourself, "Is my grade made?"

M. H.

Seniors Worth Knowing

JIMMY MURPHY

On September 25, 1937, Jimmy Murphy put in his appearance and during the following years has developed into the smiling, tall, brown haired senior we see every day.

It seems he can't help being interested in everything. He has gone out for a variety of activities and has the honor of being Captain of our football team, President of the Senior Class and Treasurer of the Student Council. Each fall, for the past four years, he's been out for football and for the past three years, winter has seen him out for basketball, and spring for track.

As for his future plans, Jimmy would like to enlist in the Navy this coming fall. After that he wants to continue his education, believing that by then he'll know what he is best suited for.

It is certain no matter what he decides upon, he will be a success in it as he has been during his four years at Gould.

CATHERINE CARVER

Let me introduce Catherine "Cathy" Carver to you. She's that tall girl with the sandy-colored hair and blue eyes, the last of the four Carvers to graduate from Gould. Born July 13, 1939, out-going Cathy is in many activities including Congregational Choir, Student Council, Outing Club and French Club. She's a member of the school band and President of the A. A.

She loves photography and sports. Swimming, sailing and skiing rank the highest among her favorites.

This summer, she worked in Casco at a girls' camp. Some summer she plans to go on a bicycle trip abroad.

Future plans include college, either the University of Connecticut or Russell Sage, with nursing as a major. Judging by Cathy's past record, we all know she will be very successful in whatever she chooses to do.

New Teachers

MISS DUFFY

Another new addition to our faculty this year is Miss Alice Duffy, our physical education instructor. Miss Duffy has proved to be an excellent athletic director as well as a good friend to all Gould girls.

Born in Sharon, Connecticut, she has lived in Amenia, New York, for many years and attended the public schools there.

From an early age she had a burning desire to teach and while in high school she decided on physical education. This decision stemmed from her enthusiasm over sports in school. Miss Duffy played basketball and hockey frequently in school.

She is a graduate of both Cortland State Teachers' College and the University of Colorado and has both her B. S. and M. S. Degrees. While in college she partook in various activities among which were the hockey team, basketball team (manager), Girls' Athletic Association, Aquatic Club and Outing Club. For several summers she has taught crafts and swimming at a camp in the Adirondack Mountains. Since graduating from college, she has taught two years in Philmont, New York, one year in Amenia, New York, and was a graduate assistant at the University of Colorado.

Despite her extremely busy career as a teacher, she still has time to enjoy reading, knitting, traveling, music—modern but not in the "Presley" mood—and dancing.

Miss Duffy is very impressed with Gould Academy. As she loves New England, she adores the mountainous location and finds the atmosphere at Gould extremely friendly. The school spirit which Gould strives to achieve strikes her as being extremely active and lively.

We are all happy to have such a skillful gym teacher on our faculty. She has cast a new light on physical education for all the girls.

MR. AND MRS. PALMER

On the campus of Gould Academy in 1956, we have four new teachers, two of whom are Mr. and Mrs. Lewis Palmer. Mrs. Janet Palmer is our librarian. She graduated from Westbrook Junior College and was a librarian at Topsham for a few years. Mr. Palmer teaches Freshman English, has one class of Sophomore English, and first year algebra at Gould. He graduated from Amherst College and received his Master's Degree from Syracuse University. He taught English at the University of New Hampshire and at New York State University.

Mr. Palmer was a navigator in the Army during World War II. Hence, he traveled through many countries some of which are: India, Africa, England and Scotland.

MR. BATAL

Another year of Gould has come and with it four new teachers, all extremely competent and friendly. One of these is the handsome young "bachelor" (something new to the campus eh, what?) Mr. Jack Batal. Obviously everyone is aware of this addition to the faculty especially the girls! Seriously, though, Mr. Batal is an extremely intelligent and fine man.

Born in Lawrence, Massachusetts, while still a child he moved to Andover, where he attended Andover elementary and high schools. A sports enthusiast from way back, he played baseball during his high school years. While attending Bates College in Lewiston, Maine, he participated actively in dramatic groups, Student Athletic Council, and baseball. His college education was interrupted for two years by the Army, but back to Bates he trodded to resume his studies. A history and government major, he just drifted into teaching. Previously he has taught at the Turner Public School system and coached baseball at Leavitt Institute. During the summers he has been working for his Master's Degree. In his spare time he enjoys reading and following sports avidly for diversion.

Though teaching was not his life long ambition, he enjoys young people, as he so quaintly refers to us, and also finds it gratifying to see the eagerness to learn among these young people. He is teaching freshman math and debating this year.

Mr. Batal is very impressed with Gould Academy. He thinks that the school has a high class faculty, excellent facilities, and a good athletic plan, all helping to make Gould the fine place it is. His only comment on a possible improvement is for the expansion of the library.

Here's hoping that Mr. Batal has a happy and successful year with us at Gould.

Mr. and Mrs. Palmer and their five year old son are residing in Bethel and also have a home in Durham. Before coming to Gould they owned a book store in Topsam.

Both of them are fond of reading and listening to music. Mrs. Palmer enjoys hunting and fishing. Mr. Palmer's hobbies are sailing and swimming. He is also interested in remodeling and, at present, is doing over their home at Durham.

The Palmers think that Gould is a fine school and has high caliber students. They feel that it offers a great opportunity for an excellent education.

If you know something good about someone, then tell it and make no delay. The whole world is hungry for words that are kind. Do something about it to-

The following note is one of many received by Dr. Walters of the Gould Board of Trustees and speaks volumes for the regard in which the school is held by its graduates:

September 15, 1954

Dear Mr. Bingham, After two years at Gould I graduated in 1953. I realize how very lucky I was to have had the benefits of attending the Academy. I am aware of all you have done for Gould and just wanted to give you my personal thanks.

Most sincerely,
An Alumna

OSCAR'S OBSERVATIONS

Parents' Day was a wonderful example of the power of cooperation; just about everyone in school contributed in various ways to make it the huge success it was, from Headmaster Ireland to the newest freshman, from faculty to student body, all the groundsman and caretakers, Chef Gilnes and his yeoman workers, the boy and girl athletes and their coaches, the Camera Club members making a permanent film record, the ladies and Home Ec department serving tea, the secretarial department turning out show programs, the evening performers themselves, the afternoon dance committee, — and the parents themselves, bless 'em, watching wide-eyed, eating wide-mouthed and later laughing the same way. Our school did itself proud — but not without long-range planning on the part of about all the school, and the bringing to life that key-word, COOPERATION!

Thoughtless stamping of the feet at entertainments is a loutish action which Oscar deprecates. It is boorish, and perhaps to be expected at some hill-billy entertainment in the depths of Kain-tucky—but hardly at Gould. Cut it out! It belongs with 'A' Abner and the inhabitants of Dogpatch. Rhythmic clapping is also kid stuff—let's grow up a bit and confine our public display of emotion to hearty laughter, rambunctious hand-clapping and an occasional—very occasional—sharp whistle.

Lyndonville always plays clear and hard—and so does Gould. That makes the seasonal football games always a thing of joy to watch. And if you want to know why it is a high water mark for sportsmanship, the answer is easy: it is a 100% reflection of the two coaches. 'Twas ever thus in every contest in sport on any level—pro, amateur, high school or college: the teams are a true reflection of their coaches. And every Gould coach holds high such ideals.

Fall foliage is a rather tattered subject now—but seldom have the hills held more glory of wondrous color than they have during the last three weeks. The Master Painter surely splashed the hillsides and roadsides with a magnificent panorama which even color TV and Technicolor film could hardly match. Seems a little silly to spend all day at a pool table, when a ten-minute walk would have enabled one to inhale such beauty as makes thousands of people travel hundreds of miles to see, eh what? Oh, well, it's said plenty of Buffalo folk have never seen Niagara Falls!

Going to college? Realize that at least six other teen agers are competing for that place you want in next year's college freshman class—six as smart as or smarter than you? Your own freshman year isn't too soon to start thinking about it, when you're tempted to shrug off a daily assignment.

day! But when you hear slanderous gossip, that causes heartache and pain, dismiss it completely out of your mind, and next repeat it again.

MOVIES TO SEE

"Movies are better than ever!" says Hollywood, California, home of the movie moguls and their prodigies, the movie stars. We think they're right, too. To prove it, we have listed a few of the better movies coming our way from the land of glitter and gold.

"High Society," a remake of "The Philadelphia Story," has made a few improvements on the original. For example, Grace Kelly, Frank Sinatra, Bing Crosby, and the incomparable "Satchmo," Louis Armstrong, as well as Louis Calhern and a score of others, make this movie tops. The score of "High Society" ranges from real cool jazz and calypso music to sentimental, ballad-type songs—all written by the master himself, Cole Porter. The combination of Her Grace, Miss Kelly, Sinatra and Crosby, is hard to beat, especially when you throw in the old "Satchmo" for good measure. Young and old alike will "dig" this musical.

"Picnic," which has been released for quite a while, but which still ranks high on popularity lists, is definitely a must. Starring Kim Novak, William Holden, Susan Strasberg, and Cliff Robertson, the story is based on the famous play "Picnic" by William Inge. The story deals with the life of a young girl, Kim Novak, who falls in love with an undesirable character, played by William Holden. The acting is of high-caliber quality and a definite must-see for those who like to think a little.

"The King and I," based on the story "Anna and the King of Siam," and a very successful play on Broadway, has finally been released as a motion picture. Deborah Kerr, who handles the part of the schoolmistress proficiently and skillfully, and Yul Brynner, who played the part of the King of Siam on Broadway, are both superb. Rita Moreno, as Tuptim, a slave of the royal household, shows herself an accomplished actress, surprising skeptics who doubted her talent. The picture has elegant splendor, side-splitting humor, tearful poignancy, and the most important commodity of all—heart. "The King and I" is well worth seeing for the whole family.

A friend that can be bought with presents, will be bought from you.

BERJ ZAMKOCHEAN GIVES CONCERT

Berj Zamkochian appeared in the William Bingham Gymnasium at 8 p. m. on Thursday, September 27, to give the initial concert on the new Steinway grand piano.

The program consisted of classical selections such as: Bach's Prelude in G Minor, Theme and Variations in A Minor by Mozart, Toccata by Khachaturian, Brahms' Intermezzo, and several compositions by Chopin.

For the benefit of those who enjoy rock and roll, Mr. Zamkochian gave his version of that type of music.

The concert was sponsored by the music appreciation group and the school.

All those who attended are very grateful to Mr. Zamkochian for his great performance and for pointing out to us our advantage in having the new piano. We hope he will find the opportunity to return to Bethel for another concert.

"The Searchers," is a better-than-average western for discriminating "hoss-opry" fans. Starring John Wayne, Natalie Wood, and Jeff Hunter, it relates the long, unending search of two men for a young girl kidnapped by Indians. The acting is good, the scenery is good, and the story itself has a distinctly off-the-beaten-track flavor which appeals to many.

The above are just a few of the better films which can at present be seen in local theaters. There are several highly promising films which have not as yet been released. One to watch for is "The Teahouse of the August Moon," starring Marlon Brando and Glenn Ford. The entertaining and extremely funny story, written by John Patrick, tells of the trials and tribulations of the Japanese occupation by the American Army.

That's just about it for now; don't forget to watch for the latest films and remember — "Movies are better than ever!!!"

OPINIONS APPRECIATED PRESLEY PANIC

Who's one of the most controversial figures in America today? Why, its Elvis Presley, of course! He's been discussed in every magazine and newspaper in the country—some of the reports have been good, and others terrible. Let's see what some of the Gould students say about him.

Nancy Hibbard: I like his singing, but I don't like him!

Deanna Rugg: I like him! When he sings, it makes you feel like you're right there with him.

Bobbi Cummins: Ugh! He squirms!

Jane Harmon: I gave away two of my Elvis records today. How did you know I didn't like him anyway?

Jack Reid: I like to hear him sing, but I don't like to watch him.

Alan Ordway: I think he's okay as a singer, but his contortions are terrible.

Russ Patterson: I think he's pretty good, don't you?

Barbara Leach: Quite a guy! He's got lots of everything, and to top it all off, he can sing like a dream!

HIKE TO SKYFIELD FARMS

On Saturday, September 22, Miss Colby led a girls' hiking group to Skyfield Farms. Every one left from the front of Gehring Hall at 10:30 and set a brisk pace, swinging along with lunch in hand. Before long the destination was in view, and soon all were seated eating lunch on the front porch. Mr. and Mrs. Bruce Bailey, the owners of the farm, invited everyone in and served hot chocolate to the thirsty trekkers. Later, gathered around the piano, the girls sang songs to Miss Colby's accompaniment. Following a brief inspection tour of the house and barn, the hikers left to return to the campus.

TOP DISCS

Over the summer months, many new albums and records have been put on the market. In the album department, many collections of old favorites have been released. Examples of these collections are: The Four Lads' new album "On the Sunny Side" with such favorites as "Making Whoopee" and "Side by Side" and also "Sarah Vaughn in Hi-Fi," a collection of songs such as "Come Rain or Come Shine" and "Ain't Misbehaving." Many new sound track albums have been released, too. One worth mentioning is "The Eddy Duchin Story" a really fine album featuring the piano of Carmen Cavallaro. Two of the songs in that album that many people like most are "Chopsticks," an interesting arrangement of an old standard, and "Dizzy Fingers."

As far as popular records go, Elvis Presley's "Don't Be Cruel" still holds first place on the hit parade charts. Elvis has two other records on sale, now, that are predicted to be big hits. They are "Fool" and "Blue Moon," and they seem to add a new phase to the versatile Presley style.

Mitch Miller and his orchestra have a recording called "Song for a Summer Night" that is going places fast. This instrumental has a very pretty melody.

Vaughn Monroe's recording of the novelty, "In the Middle of the House," has been very popular this summer and fall. Two other novelties, Buchanan and Goodman's "Flying Saucers" and "The Space Man" with Alan Freed, Steve Allen, and Al "Jazzbo" Collins, are big hits with teenagers and disk jockeys.

He who is afraid of doing too much, always does too little.

I'm sure you'll find out, if you try it awhile, that it's true—this lesson I've learned—it's awfully hard to get rid of a smile, for a smile is most always returned.

Gridders Capture Thriller

Gould's football team continued its winning ways on October 13 before a large Parents' Day crowd. Using two platoons most of the game, the Huskies downed Lyndon Institute—13 to 7.

These two teams have been evenly matched and have played many close games in past years. Today was no exception. Gould broke the scoreless deadlock early in the second period. Jerry Smith scored from the two yard line, capping a 65 yard march by the powerful Gould backfield. Jim Hill carried for the extra point on an end run.

Late in the second quarter Lyndon cashed in on a pass from Hartell to Heath, who lateralled to Ken Simpson as he was being tackled. Ken Simpson raced over for the lone Lyndon touchdown. His brother Bernard Simpson, ran the extra point to make it 7 to 7 at half time.

The two teams remained deadlocked during the third period. On the opening play of the fourth quarter, left half, Jim Hill, skirted around the right end for a 40 yard outchdown run. The try for the point failed, but was fortunately unnecessary, as Gould stopped the Lyndon offense for the remainder of the period.

Gould made a total of nine first downs, eight of which were made in the first half.

Captain Jim Murphy made several long gains, one of which would have been a touchdown except for a Gould penalty.

Penalties against Gould, which are often the difference between winning and losing, have decreased as the season progresses. The team appears to be in fine shape for the powerful Berlin team next week.

Referee: Topping, Umpire: Arnold. Head Linesman: Kent. Time: 4-12s.

Gould Blanks

South Paris

Gould opened its six game schedule at South Paris and won by a 13 to 0 margin. Long runs by Captain Murphy and Hill scored a touchdown in the second quarter. Murphy carried the ball 25 yards to the 20 yard line from which Jim Hill swept around the right end for the touchdown. Smith rushed the extra point to put Gould ahead 7 to 0.

The two teams held one another at mid field during the third period; however, in the final stanza the Husky offense advanced to the 18 yard line from which Smith ran through the right tackle slot for a touchdown. The try for point failed and the game ended 13 to 0, Gould over Paris.

Gould (13) (0) South Paris
Snell (e) Morton
Russell (t) Gordon
Patterson (lg) Colby
Stevens (c) Hicks
Richardson (rg) Kennagh
Brechnick (rt) Swett
Giddings (re) Plummer
Anderson (qb) Kozak

Football Prospects

Gould shows great promise of having one of its best seasons in a number of years. Captain Jim Murphy, serving his fourth year on the varsity, will head the list of backfield men. Jerry Smith and Jim Hill will start in the other two backfield positions. Jack Reid, Bill Anderson, and Ted White will all see duty at the quarterback position. Returning lettermen who will form the nucleus of this year's team are Ken Nowlin (b), Terry Russell (e), Tim Richardson (g), Jere Snell (e), Al Sumner (b), Russell Patterson (g), and Paul Murphy (g).

Other squadmen who are returning from last year's team and who should see considerable action are Paul Stevens (c), Bill Taillon (e), Eric Wight (t), Ron Willard (g), Ken Roberts (b), Bill Ripley (t), Bob Butters (t), Larry Bragg (e), Larry Cummings (e), Dennis Robertson (e), Peter Baker (e), and Stan Cornwall (e).

Several new prospects who are showing up well include John Giddings (e), Jim Hill (b), Norm Buttrick (g), Bill Ide (e), Pete Nichols (b), and Gary Aluise (b). The rest of the squad, which will see considerable action in Junior Varsity games, consists of Steve Karpowich, Roy Brown, John Todd, Dwight Merrill, Dave Head, Paul Korhonen, John Luke, Dave Burnham, Dick Stevens, Wayne Corkum, Ed Juswell, Doug Rice, and Bill Gallagher.

Gould Rumps

Over Norway

Gould scored early in Saturday's game against Norway when fullback Jerry Smith racked up a TD on the fourth play. Smith tallied once again in the first period making the score at the end of the first quarter 12-0.

In the second quarter, Captain Jim Murphy scored a TD and rushed the extra point for a half time score of 19-0.

Although Gould didn't score in the third period, quarterback Ted White tallied twice in the final quarter ending the game with a score of 31-0.

Gould halfback Jim Hill also ran the ball well. The stubborn Gould defense held the home team scoreless and only allowed them within the 10 yard line twice.

Norway's best ball carriers proved to be Brown and Frechette.

Gould has not been beaten or scored upon thus far in their first 2 games.

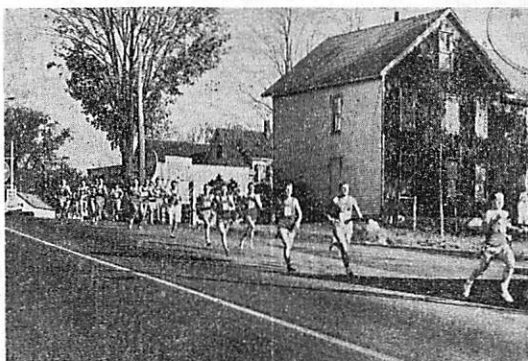

Gould (31) (0) Norway
Snell (e) Truman
Russell (t) Allen
Patterson (lg) Gammon

Historic Event in Girls' Sports

Up! Up! Up!

On the crisp clear morning of October sixth, a group of energetic young hikers gathered in front of Gehring Hall to await their bus and the tackle of Mt. Caribou. After arriving, the group, under the guidance of Mr. Richardson, left the foot of the mountain at ten fifteen o'clock and the "wheatie-eaters" started off at a gallop but slowed down considerably as the ascent grew steeper.

It was a beautiful morning; the streams, which aided the "squir-gunners", gurgled as the cool water splashed over the rocks, and the rocks themselves sparkled in the sunlight. The first half of the trail was covered with leaves, which rustled as one after another walked through them, but as the climb grew steeper, the trail became rockier, and began to wind through the woods.

The trip consisted of several large ledges, and the mountain itself was surrounded by a deep valley. The foliage was at its best; lakes could be seen in the distance; on nearby mountains snow glistened. It was indeed a "painter's paradise." After a lunch, the group explored the rocks and then started on the trip down. The less fortunate arrived with scarred knees, muddy shoes, and for those who had fallen into the various brooks, wet clothing and feet. The bottom was finally reached, however, and the tired but happy hikers gladly slumped onto the bus seats, exhausted.

Phys. Ed. Program

The boys' physical education program this year will again be under the direction of our most devoted worker and teacher, Joe Roderick. The purposes of this course are: 1. to teach sportsmanship; 2. to mold sound bodies; 3. to teach the value of competitive sports; 4. to teach the basic fundamentals of most sports.

So far this year, the program has included football, kickball and volleyball. Joe Roderick has been teaching at Gould for fourteen years. He attended Ithaca College where he received his B. S. in Physical Education.

EASILY WIN FIRST THREE MEETS

With the beginning of school, Coach Fossett once more set his running squad to what is hoped to be a victorious year.

Leading the team this year will be Captain Phil Korhonen who placed sixth in the 1954 state cross country meet. Another of Gould's most favorable runners is Melvin Jodrey who won the class M mile race in the 1956 track championship.

Other returning lettermen are Whitten, Rolfe and Grover. Carter, Smith and Small also are returning from last year's squad.

Some of the promising new runners are Randall Cummings, Brown, Steve Smith, Appleton, Watson, Newsom, Angevine, Freeman, and Karpowich.

Easy Win for Gould Runners

Gould Academy's cross country team won its second meet on October 5, by defeating Fryeburg Academy 16-47. Phil Korhonen led the pack over the 2.6 mile course, finishing in 13 min. 7 sec. Mel Jodrey, Eldred Rolfe, and Dick Grover placed second, third, and fourth for Gould respectively. Robert Payne of Fryeburg paced his teammates, finishing in fifth place.

Summary: 1 Korhonen (G); 2 Jodrey (G); 3 Rolfe (G); 4 Grover (G); 5 R. Payne (F); 6 Randall (G); 7 Whitten (G); 8 Smith (G); 9 C. Payne (F); 10 Dallenzer (F); 11 Bartlett (F); 12 Garland (F).

Perfect Score

Led by Captain Phil Korhonen, the Gould X-Country team grabbed the first five places to win its third straight victory 15-47 over Portland High School. Korhonen ran the 2.6 miles course in 12 minutes 59 seconds, only three seconds short of the record.

Behind Korhonen came Mel Jodrey, Richard Grover, Guy Whitten, and Eldred Rolfe in that order.

The well-balanced Husky squad is having one of its best seasons ever under Coach Fossett. Next week they hope to continue their fine record at Gorham, Maine.

Finish: 1—Korhonen (G), 2—Jodrey (G), 3—Grover (G), 4—Whitten (G), 5—Rolfe (G), 6—Verrill (P), 7—Randolph (G), 8—Flanders (P), 9—Smith (G), 10—McPhee (P), 11—Brune (P), 12—Mason (P).

Off and Running

Replacing a scheduled meet at Dixfield which was cancelled, the Gould Cross-Country team opened its season against Kennett High School at Conway, N. H.

The experienced Gould squad won by a perfect score of 15-50, making the first seven places.

Captain Phil Korhonen tied for first with team-mate Richard Grover. The next group consisted of Mel Jodrey, Guy Whitten, and Eldred Rolfe, finishing in that order. Jerry W. Smith and Steven Randall came over next to give the Huskies an easy victory.

The X-Country team appears to be well balanced and showed promise of an outstanding season, although they will meet tougher opposition in the rest of their meets.

Courage conquers all things.

Character is what you are when you think nobody is looking.
